SINCE 1922

To whom this may concern,

I hired Stylianos over 8 years ago for the position of Creative Director and Senior Corrugated Structural Designer. Stylianos is a charismatic designer with great instincts. He possesses qualities rarely found together in the same person. He has an almost natural ability to motivate and bring the best out of his team. This, coupled with his pleasant personality, creative thinking, esthetics and his result oriented nature, clearly makes him one of the most outstanding professionals I have had the pleasure of hiring.

With his creativity and leadership he effectively boosted sales and always delivered on all business goals. Even through Greece's declining economy, Stylianos department always showed growth. Professionals like Stylianos are hard to find, and clearly a huge asset for any organization that he works for. I would rehire him in an instant if given the chance.

I therefore offer my recommendation of Stylianos without reservation. If you have any questions or require further information, please do not hesitate to contact me.

Sincerely,

Stylianos Koskinidis
President & CEO
