

To whom this may concern:

Stelios freelanced for my company "Storm Creative Group".

We have been working together for the past 5 years on a variety of projects such as POP displays, exhibition kiosks and product designs.

He is extremely talented and always shares his ideas and expertise. He has the ability to take on a project and see it through till the end. From his concept designs to his prototypes, his work has always been outstanding. It is truly a pleasure working with him.

I highly recommend Stelios to any employer seeking a talented, motivated industrial designer.
